PRECIOUS FIBERS 1

Rivestimento murale di pregio realizzato con seta e lurex che donano al prodotto particolari riflettenze alla luce;  
l'utilizzo di questi materiali può creare leggere variazioni tra un telo e l'altro.  
Queste caratteristiche connotano l'autenticità dei filati utilizzati e rendono il prodotto di particolare pregio.

Fine wallcovering made of silk and lurex which gives special light reflection and a flaming texture to the product;  
because of these materials there may be slight variation across the width from drop to drop.  
These features characterize the authenticity of the yarns used and create a product of particular value.
